## About Us
Revtek was founded in 2000 to market our unique Toyota suspension lift systems. Since then, we have introduced suspension lift systems for Chevrolet trucks, and SUVs; Ford F150s and Super Duty trucks, and Excursion SUVs; Dodge Ram and Nitro; Jeep JK, Liberty, Grand Cherokee, and Commander; and Nissan Frontier, and Xterra. Our personnel has been professionally involved in the suspension market place for over 25 years.

## Our Mission
We continue to evolve with our products. Our goal is to Raise Your Perspective. We make installer friendly, rugged kits. Everything we make is designed to be superior and give you worry-free performance.

## Warranty
Revtek Suspension warrants our lift kits with a limited lifetime warranty to be free from material and workmanship defects. The warranty is non-transferable and limited to the repair or replacement of the product.

2002-2005 Dodge 1500 Torsion Bar Keys

P/N AAL750B will fit the following vehicles:
1994-2002 2500/3500 4WD

P/N 765 will fit the following vehicles:
2002-2005 Dodge 1500

- No drilling or welding
- Adjustable up to 2” lift
- Made of high quality forgings that meet or exceed factory specifications
- Front lift only to level the stance of the vehicle
- Maintains OEM ride quality
- Works on 4WD only
2005-2014 Ford Super Duty F250/F350 4WD Suspension Lift Systems

• Works within the OEM suspension geometry
• No cutting or welding necessary
• Easy, bolt up installation—the most installer friendly system available
• Complete front and rear system, no extra components to order
• Custom designed front coil springs significantly improve ride
• Black system components keep the OEM look intact
• Super heavy-duty, plated and powder coated components
• Manufactured utilizing OEM or better materials for strength and durability
• Maintains alignment specifications

P/N 6245 2005-2007 F250/F350 4.5" Lift System w/Drop Brackets 195 lbs
P/N 6345 2005 2007 F250/F350 4.5" Lift System w/Radius Arms 228 lbs
P/N 6260 2005-2007 F250/F350 6" Lift System w/Drop Brackets 228 lbs
P/N 6360 2005-2007 F250/F350 6" Lift System w/Radius Arms 258 lbs
P/N 6845 2008-2010 F250/F350 4.5" Lift System w/Drop Brackets 200 lbs
P/N 6945 2008-2010 F250/F350 4.5" Lift System w/Radius Arms 230 lbs
P/N 6860 2008-2010 F250/F350 6" Lift System w/Drop Brackets 232 lbs
P/N 6960 2008-2010 F250/F350 6" Lift System w/Radius Arms 262 lbs
P/N 6641 2011-2014 F250/F350 4.5" Lift System w/Drop Brackets 200 lbs
P/N 6741 2011-2014 F250/F350 4.5" Lift System w/Radius Arms 230 lbs
P/N 6861 2011-2014 F250/F350 6" Lift System w/Drop Brackets 232 lbs
P/N 6961 2011-2014 F250/F350 6" Lift System w/Radius Arms 262 lbs

Note: 2008-2009 Ford 5.4/V10 models utilizing 4.5" and 6" lift systems will require exhaust modification to clear front driveline.

P/N 6125 will fit the following vehicles:
2005-2010 F250

P/N 6126 will fit the following vehicles:
2005-2014 F350

P/N 6127 will fit the following vehicles:
2011-2014 F250

P/N TSD562 will fit the following vehicles:
2005-2007 F250/F350 4WD

P/N TSD582 will fit the following vehicles:
2008-2014 F250/F350 4WD

• Most installer friendly kits available
• Allows for up to 35x12.5 tires (2.5" kit)
• Cleanest, best looking kits available
• Maintains OEM springs
• Retains OEM alignment

Optional Track Bar Bracket

• Optional track bar bracket for leveling systems 6125, 6126 and 6127. This may be necessary due to variances in the OEM placement of front axle.
2003-2014 Ford
Leveling System

**P/N 620 will fit the following vehicles:**
2003-2014 Expedition
2004-2014 F150 / Lincoln Mark LT 4x2 & 4x4

- Does not require replacement shocks
- Levels the stance and allows up to a 35" tire on a 6.25 backspace wheel
- Easy bolt up design with no welding or cutting required

**P/N 610 will fit the following vehicles:**
2005-2014 Super Duty F250/F350

- For use with winch, snowplow or any application where there is additional weight on the front end of the vehicle. Adds 1” of lift to the front, no other components needed
- Most installer friendly kits available
- Works within the OEM suspension geometry
- Easy bolt up installation—no cutting, welding or drilling
- Black system components keep the OEM look intact
- Super heavy-duty, plated and powder coated components
- Manufactured utilizing OEM or better materials for strength and durability
1997-2003 Ford F150 Torsion Lift Keys
2008-2014 Ford F250/F350 4WD
Add-A-Leaf

P/N 625 will fit the following vehicles:
1997-2003 Ford F150

- No drilling or welding
- Adjustable up to 2" of lift
- Made of high quality forgings that meet or exceed factory specifications
- Front lift only to level the stance of the vehicle
- Maintains OEM ride quality

P/N AAL6080B will fit the following vehicles:
2008-2014 F250/F350 4WD
1999-2004 Ford Super Duty F250/F350 4WD Suspension Systems

- Easy, bolt up installation the most installer friendly available
- Complete front and rear system, no extra components to order
- Custom designed front leaf springs significantly improve ride
- No cutting or welding necessary
- Black system components keep the OEM look intact
- Super heavy-duty, plated and powder coated components
- Manufactured utilizing OEM or better material for strength and durability

P/N 6065 will fit the following vehicles:
2000-2005 Excursion 4x4

6" Suspension System
2007-2014 Jeep JK
3” Suspension Lift System &
Optional Adjustable Track Bar

P/N 587 will fit the following vehicles:
2007-2014 Jeep JK
2 Door & 4 Door

- No cutting or welding necessary
- OEM ride using factory coils
- Average install time under 2 hours
- All inclusive kit
- Made in the USA
- Allows up to 35x12.5” tires

P/N 507 will fit the following vehicles:
2007-2014 Jeep JK
2 Door & 4 Door

- All inclusive kit
- Track bar is adjustable for optimum centering of axle
- Cleanest, simplest, most effective design on the market

2007-2014 Jeep JK
3” Budget Coil Spring Kit

P/N 586 will fit the following vehicles:
2007-2014 Jeep JK Wrangler

P/N 586U will fit the following vehicles:
2007-2014 Jeep JK Wrangler

- No cutting or welding necessary
- Average install time under 3 hours
- Allows up to 35” tires on positive offset wheels
- Outstanding ride with new replacement springs

- All inclusive kit
- Made in the USA
- P/N 586U has upgraded rear springs if you add weight to the rear of your Jeep regularly

Phone: 503.659.1650 • Toll Free: 877.543.8869
2007-2014 Jeep JK
3” Coil Spring Kit

P/N 588 will fit the following vehicles:
2007-2014 Jeep JK 2 Door & 4 Door

P/N 588U will fit the following vehicles:
2007-2014 Jeep JK 2 Door & 4 Door

• No cutting or welding necessary
• Average install time under 3 hours
• Allows up to 35” tires on positive offset wheels
• Outstanding ride with new replacement springs

• All inclusive kit
• Made in the USA
• P/N 588U has upgraded rear springs if you add weight to the rear of your Jeep regularly
1984-2001 Jeep XJ
3” Suspension Lift System

P/N 570 will fit the following vehicles:

1984-2001 Jeep XJ Cherokee 4WD

• All-inclusive kit
• No cutting or welding necessary
• Made in the USA
• Allows for 31” tires
• Outstanding ride
• Components made of OEM equipment or better materials for durability and strength
Jeep
Polyurethane Leveling Spacers

P/N 550 will fit the following vehicles:
1997-2006 TJ front or rear
1984-2001 XJ Cherokee front only
1993-1998 ZJ Grand Cherokee front or rear
1986-1992 MJ Comanche pickup front only

P/N 551 will fit the following vehicles:
1997-2006 TJ front or rear
1984-2001 XJ Cherokee front only
1993-1998 ZJ Grand Cherokee front or rear
1986-1992 MJ Comanche pickup front only

- Made in the USA
- Allows for larger tires
- Great for offsetting winch & bumper weights
- No cutting or welding necessary
- Virtually indestructible polyurethane spacers
- No modification of original steering components necessary
- Easy install

Email: sales@revtek.com • Online: www.revtek.com
2000-2007 Jeep Liberty
2” Suspension Lift System

- Works within the OEM suspension geometry
- Allows up to 265/70/R16 or 245/75/R16 tires on 16x7” wheels (front wheel drive offset)
- Average install time is under 2 hours
- No cutting or welding necessary
- Manufactured using billet aircraft aluminum and specialty polyurethane

P/N 580 will fit the following vehicles:
2000-2007 Jeep Liberty
2008-2011 Jeep Liberty
2” Front/1.25” Rear Suspension Lift System

P/N 582 will fit the following vehicles:
2008-2011 Jeep Liberty

- Works within the OEM suspension geometry
- Allows up to 265/75/R16 tires on 16x7” wheels (front wheel drive offset)
- Average install time is under 2 hours
- No cutting or welding necessary
- Manufactured using billet aircraft aluminum and specialty polyurethane
2005-2010 Jeep Commander / Grand Cherokee 2WD & 4WD
2” Front/1.25” Rear Split Spacer Lift System

P/N 581 will fit the following vehicles:
2005-2010 Jeep Commander / Grand Cherokee 2WD & 4WD

- Based on Revtek’s unique split spacer system
- Made in the USA
- Works within the OEM suspension geometry

- No cutting or welding necessary
- Virtually indestructible utilizing polyurethane rear spacers
- Does not require replacement shocks
2005-2014 Nissan Frontier
2.5” Front/1.25” Rear Split Spacer Lift System

P/N 835 will fit the following vehicles:
2005-2014 Frontier 4x4 & 4x2

- Based on Revtek’s unique split spacer system
- Made in the USA
- Works within the OEM suspension geometry
- No cutting or welding necessary
- For use on 4x4, 4x2 models
- Improves handling, reducing front end dive and roll
- Components made of OEM equivalent or better materials for durability and strength
- Allows for up to 285/75 tires
- Maximum recommended wheel size, 16x8 utilizing factory offset
- Utilizes OEM shocks/struts

P/N 835F will fit the following vehicles:
2005-2014 Frontier 4x4 & 4x2

- P/N 835F is the front-only kit
2005-2014 Nissan Xterra
2” Front/1.5” Rear Split Spacer Lift System

• Made in the USA
• Works within the OEM suspension geometry
• No cutting or welding necessary
• For use on 4x4 models
• Improves handling, reducing front end dive and roll
• Components made of OEM equipment or better materials for durability and strength
• Allows for up to 285/75 tires
• Maximum recommended wheel size is 8” utilizing factory offset
• Utilizes OEM shocks/struts

P/N 840 will fit the following vehicles:
2005-2014 Xterra 4x4

P/N 840F will fit the following vehicles:
2005-2014 Xterra 4x4

• P/N 840F is the front-only kit

P/N 840F will fit the following vehicles:
2005-2014 Xterra 4x4
# 2005-2014 Toyota Tacoma & PreRunner
## Split Spacer Lift System

### P/N 426 will fit the following vehicles:
- 2005-2014 Tacoma 4WD & PreRunner

- Works on all models
- Utilizes OEM shocks/struts
- Allows for up to 285/75 tires
- Improves handling

### P/N 426A will fit the following vehicles:
- 2005-2014 Tacoma 4WD & PreRunner

- Made in the USA
- Works within the OEM suspension geometry
- No cutting or welding necessary
- Improves handling, reducing front end dive and roll
- Allows for up to 285 tires mounted on 8" wide wheels with a 4.5" backspace
- Utilizes OEM shocks/struts
- Easy install rear add-a-leaf that maintains factory ride quality

Email: sales@revtek.com • Online: www.revtek.com
1995-2004 Toyota Tacoma & PreRunner
3” Suspension Lift Kit

P/N 425 & 425R will fit the following vehicles:
1995½-2004 Tacoma 4WD / PreRunner

- For use on all models including TRD and Double Cab
- Works with manual or automatic hubs
- Improves handling, reducing front end dive and roll
- Requires longer rear shocks
- Components made of OEM equivalent or better materials for durability and strength
- P/N 425L can be used for leveling or for use with add-a-leafs (not included)
- Maximum recommended wheel size: 15x8 or 16x8, medium offset
2010-2014 Toyota FJ
3” Front/2.5” Rear Split Spacer Lift System

- Based on Revtek’s unique split spacer system
- Made in the USA
- Works within the OEM suspension geometry
- No cutting or welding necessary
- Virtually indestructible polyurethane rear spacers
- Does not require replacement shocks (longer shocks are included)
- Maximum recommended wheel size of 8” wide with 4.5” backspacing

P/N 432 will fit the following vehicles:
2010-2014 FJ Cruiser 2WD & 4WD
2010-2014 Toyota 4Runner
3” Suspension Lift System

All Toyota Suspension Lifts Feature:
- Based on Revtek’s unique split spacer design
- Allows for larger tires (up to 33x12.5 or 285/75/R16 with minor wheel well trim)
- Maintains standard Toyota OEM geometry
- No cutting or welding necessary
- No modification of original steering components necessary
- Easy installation, takes only 1-3 hours
- Made in the USA

P/N 432 will fit the following vehicles:
2010-2014 4Runner 2WD & 4WD

- Makes room for up to 33” tires
- Retains stock suspension geometry and ride quality
- Does not work on vehicles with rear air leveling
- When using with the X-REAS system, all four shocks must be replaced
1996-2009 Toyota
3” Front/2.5” Rear Split Spacer Lift System

P/N 430 will fit the following vehicles:
1996-2002 4Runner
• 3” Suspension lift front and 2.5” rear
• No shocks required
• Uses the same proven technology as our other Toyota lifts
• Not for use on X-REAS or air-leveling equipped models
• Allows for tires up to 285/75

P/N 431 will fit the following vehicles:
2003-2009 4Runner 2WD & 4WD
2007-2009 FJ Cruiser 2WD & 4WD

• Based on Revtek’s unique split spacer system
• Made in the USA
• Works within the OEM suspension geometry
• No cutting or welding necessary
• Virtually indestructible polyurethane rear spacers
• Does not require replacement shocks (longer shocks included)
• Maximum recommended wheel size of 8” wide with 4.5” backspacing
2007-2014 Toyota Tundra
2.5” Front/1.25” Rear Split Spacer Lift System

- Lifts the front 2.5” and the rear 1.25” for a level stance
- CNC machined from durable and attractive aircraft billet aluminum
- Does not require replacement shocks
- Maximum recommended wheel size is 8” wide with 35mm offset

2000-2006 Toyota Tundra Suspension Lift

P/N 435 will fit the following vehicles:
2000-2006 Tundra 2WD & 4WD

- Lifts the front 2.5” and the rear 1.25” for a level stance
- CNC machined from durable and attractive aircraft billet aluminum
- Does not require replacement shocks
- Maximum recommended wheel size: 15x8 or 16x8, medium offset

Email: sales@revtek.com • Online: www.revtek.com
2008-2014 Toyota Sequoia 2.5” Lift System

Virually indestructible specialty polymer or polyurethane rear spacers
Sequoia lifted 2.5” in front and 1.5” in back to level the vehicle
Does not require replacement shocks
Same proven front lift design as the Tacoma and Tundra kits
Based upon our unique split spacer design
Allows for larger tires (up to 33x12.5 with minor wheel well trim)
Maintains standard Toyota OEM geometry
No cutting or welding necessary
No modification of original steering components necessary
Easy installation, takes only 3-4 hours
Made in the USA

P/N 441 will fit the following vehicles: 2008-2014 Sequoia 2WD & 4WD

Note: Will not work on Platinum or Rear Air Suspension

P/N 441R (rear) will fit the following vehicles: 2008-2014 Sequoia 2WD & 4WD
